

COST OF OWNERSHIP

Let's face it, the cost of owning a hot tub over the course of the next 5 years is really what we need to know! Here's how the Softub stacks up to any quality hard spa...

SOFTUB

\$4500

\$0

NO site preparation

HARD SPA

\$4500

\$1500

220 Electric/Concrete

COST TO OPERATE PER MONTH

\$15

X 12 = \$180

X 5 = \$900

\$75

X 12 = \$900

X 5 = **\$4500**

Five years in a Softub costs the same as the first year in a hard tub!

In 5 years in the cost of electricity, you could have a **FREE SOFTUB!**

We have ALWAYS been the greenest hot tub. We surpassed CA regulations before there were CA regulations!
